

Charming Station Snowmen 145 -

Since these snowman designs are so "light" in terms of density, they require only a single layer of stabilizer. We use one layer of tear away stabilizer hooped with the fabric. If you decide to use these on fleece however, we would recommend placing one layer of a rinse away (wash away) stabilizer on top to prevent the threads from sinking down into the fleece in addition to hooping the fleece with a layer of tear away stabilizer underneath..

The text designs may require extra stabilizer - the longer the saying, the more support is needed.

Some of these designs have more than one color stop. This is to prevent jump threads from getting tangled up in the sewout. When your machine stops, just start again with the same color. There will be some jump threads on the snowmen but we planned these very carefully so that none get trapped and they will be easy to trim. **Be sure to trim after each stop.**

These designs have been manually digitized and carefully tested. You have our permission to use these designs on projects for yourself, as gifts or for items for sale. Please give credit to www.charmingstation.com where possible. You do not have the right to resell these designs or these graphics or to give them to others under any circumstances. If others would like to have a copy of these, please ask them to join our group and download them for themselves.

If you have any questions, please send email to CustomerService@CharmingStation.com
